

AV1000

Peace of mind at an affordable cost!

The AV1000 is the first truly affordable tracking solution.

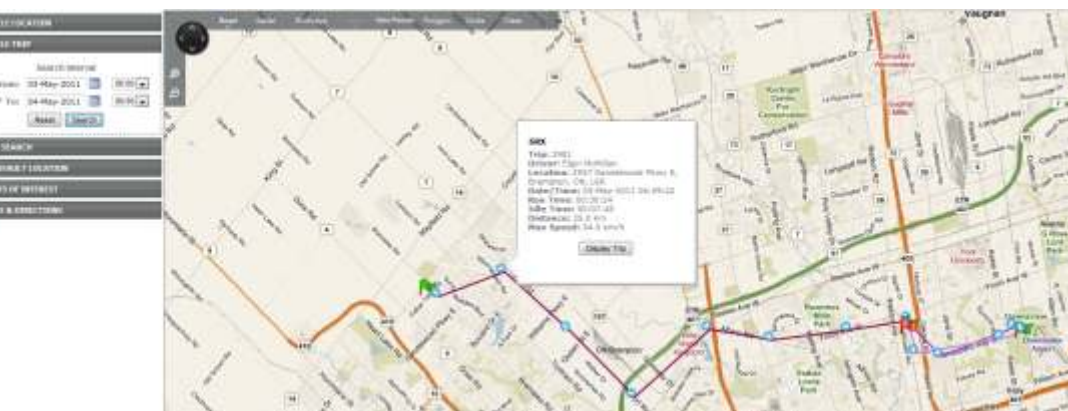

Not only is it attractively priced, it is also easy to install and maintain thus eliminating expensive installs and troubleshooting.

With the AV1000 you can locate your vehicle anytime, create geo-fences, get alerted through text / email when a geo-fence is broken, receive maintenance alerts and get access to multiple, online, user configurable reports.

AV1000 Benefits

- Locate your vehicle any time
- Receive alerts when vehicle enters or leaves a designated area
- Receive maintenance alerts via email and SMS
- Protect vehicles against theft and misuse
- Save money with low one time and recurring costs

Never lose sight of your fleet

AV1000 Features

Geo-fencing

Set up Geo-Fences anywhere on the map using our Fleet Reach Mapping System with immediate notification of a geo-fence breach.

Built-in GPS and Cellular Antenna

Built-in GPS and Cellular Antenna with option for external antenna.

Advanced Features

- Super Sensitive GPS (-160 dBm)
- Motion Sensor
- 2,000 Buffered Messages

Over the air upgrade capability

Add new features and upgrade the operating system remotely.

Built-in data Storage

Stores data when out of cellular coverage.

Ultra low Power

Uses less than 2mA in sleep mode

Available Options

- Starter Interrupt
- External Antenna
- External Battery Backup
